

European Union Network for the Implementation and Enforcement of Environmental Law

JoNeF PROJECT

TOWARDS COMMON PROCEDURES FOR MACROFUNGI

State-of-the-art and recommendations for implementing conservation in Europe

JONEF PROJECT: TOWARDS COMMON PROCEDURES FOR MACROFUNGI

State-of-the-art and recommendations for implementing conservation in Europe

Date of report: 31/12/2024

Report number: 2022(VII) WG7

Funded by the European Union

IMPEL is funded by a "FRAMEWORK PARTNERSHIP AGREEMENT" with European Commission DIRECTORATE-GENERAL FOR ENVIRONMENT - LIFE PROGRAMME (ENV-EA/PPA/2022/001 – IMPEL)

1

Introduction to IMPEL

The European Union Network for the Implementation and Enforcement of Environmental Law (IMPEL) is an international non-profit association of the environmental authorities of the European Union (EU) Member States, and of other European authorities, namely from acceding and candidate countries of the EU and European Economic Area (EEA). The association is registered in Belgium and its legal seat is in Brussels, Belgium.

IMPEL was set up in 1992 as an informal Network of European regulators and authorities concerned with the implementation and enforcement of environmental law. The Network's objective is to create the necessary impetus in the European Community to make progress on ensuring a more effective application of environmental legislation. The core of the IMPEL activities concerns awareness raising, capacity building and exchange of information and experiences on implementation, enforcement and international enforcement collaboration as well as promoting and supporting the practicability and enforceability of European environmental legislation.

During the previous years IMPEL has developed into a considerable, widely known organisation, being mentioned in a number of EU legislative and policy documents, e.g. the 8th Environment Action Programme that guide European environmental policy until 2030, the EU Action Plan: "Towards a Zero Pollution for Air, Water and Soil" on Flagship 5 and the Recommendation on Minimum Criteria for Environmental Inspections.

The expertise and experience of the participants within IMPEL make the network uniquely qualified to work on both technical and regulatory aspects of EU environmental legislation.

Information on the IMPEL Network is also available through its website at: www.impel.eu

Title of the report:

JONEF PROJECT: TOWARDS COMMON PROCEDURES FOR MACROFUNGI. State-of-the-art and recommendations for implementing conservation in Europe

Number report:

2022(VII) WG7

Project Manager/Authors:

Francesca Flocia (PM), Stefania Ercole, Valeria Giacaneli, Eleni Topalidou, Stephen Mifsud, Paola Angelini, Emiliano Canali, Inita Daniele, Marco Floriani, Livia Kisne Fodor, Maria Letizia Gargano, Carolina Elena Girometta, Susana C. Gonçalves, Pier Hoekstra, Izabela Kalucka, Mitko Karadelev, Marco Leonardi, Panagiotis Madesis, Francis Martin, Corrado Nal, Wim Ozinga, Claudia Perini, Anna Maria Persiani, Dheera Singh Rathore, Katerina Rusevska, Yann Seller, Celeste Santos e Silva, Tatjana Lalić Šarić, Inge Somhorst, Jonathan Spazzi, Gita Strode, Giuseppe Venturella, Frédéric Vinca, Matthew Wainhouse, Minka Zotti.

JoNeF project team (in alphabetical order):

Martyn Ainsworth (UK), Zelfije Aruqaj (Kosovo), Dalia Cerneviene (Lithuania), Matthew Grima Connell (Malta), Inita Dāniele (Latvia), Gabriela D'Elia (USA), Massimo Diaco (Italy), Stefania Ercole (Italy), Guðrður Gýða Eyjófsdóttir (Iceland),
